LANDS 12 POUND PIKE WITH FOUR OUNCE CASTING ROD

Joseph N. Schwartzwalder, angler de luxe, demonstrated again his prowess with rod and reel, when he landed a 12 pound pike in Cayuga Lake, fishing with only a four ounce casting rod. The fish gave a terrific battle for so light a rod but was finally landed. The big beauty was too large to go in the landing net. A medium sized small minnow was the bait used.

RURAL SCHOOL TEACHERS HOLD MEETING HERE

GYPSIES IN CADILLAC AND PIERCE ARROW SENT AWAY BY HUMBLER POLICE CAR

Detective Bill Graney and Officer Jim Muldoon were quite abashed today when aboard the police prowl car, they were instructed to drive a band of motoring gypsies from the city. The embarrassment followed the discovery by the police that their prey was elegantly outfitted with a Pierce Arrow and a Cadillac. The prowl car is but a humble Buick but the officers swallowed their pride and the majesty of the law outshone the splendor of the nomad's equipage and they were successfully escorted towards the city limits.

Newark, N. J., Sept. 11.—(AP)—A well organized group of three juvenile thieves with a "master mind" 11-years old who wore a riding habit with silver spurs, ranked high in the eighth grade in the city schools and was considered a talented violinist, has been uncovered by police.

Seven store robberies netting several hundred dollars, have been confessed by the trio. Their system was to leave a lookout outside while one of the gang interested the store keeper and the third member opened the cash register.

Syracuse, N. Y., Sept. 11.—(AP)—With its business conducted entirely in the Chinese language, the convention of the Chinese Students' Alliance, Eastern Section, came to a close at Syracuse University today with adoption of a score of resolutions urging wider observance of a spirit of nationalism in China, and proposing steps to be taken to gain that objective.

JERSEY JUSTICE READY TO MOVE IN NOEL CASE

Newark, N. J., Sept. 11.—(AP)—Jersey justice, moving swiftly, is preparing to weigh, within two weeks, the accusations against Harrison Noel, Montclair youth, who has confessed to kidnaping, dual murder and attempted murder.

Unexpectedly, the grand jury late yesterday formally presented to Judge Flanagan indictments charging him with the murder of Raymond Pierce, negro chauffeur, whose car he used in kidnaping six year old Mary Daly, his second victim.

Assistant Prosecutor D'Aloia today announced he was rushing arraignment and pleading of Noel and that the case would be ready for trial within two weeks. The defendant will be taken before Common Pleas Judge Caffrey for pleading, soon after Prosecutor Bigelow returns from his vacation on Monday.

The assistant prosecutor also announced that the law firm of McDermott, Wright and Carpenter, of Jersey City, with H. C. Barber of Montclair, a friend of the family who visited the youth yesterday, had been selected as counsel by Dix W. Noel, father of the youth.

Reasserting that there was every indication that Noel was sane at the time of his crimes, the prosecutor has arranged for further tests by Dr. Walter S. Washington, state alienist, who spent an hour with the youth yesterday.

Barber, on the other hand, declared "Harrison Noel will never be tried for murder as he is so evidently insane."

Airmen Lost in Deep Sleep

Lihue, Island of Kauai, Sept. 11.—(AP)—In a darkened suite of rooms in the little old fashioned Lihue Hotel, five men lay unconscious in sleep this morning.

It was sleep of a kind that had been denied them for nine long days and nights, while faced by threatening death they tossed on the broad Pacific in the wrecked navy seaplane PN-9 No. 1.

The five men were Commander John Rodgers, commander of the attempted San Francisco-Honolulu non-stop flight, and his four associates, rescued late yesterday by the submarine R-4, after nearly all hope of ever seeing them again had been given up by their brother officers of the navy.

Their sleep was carefully guarded. Exhausted but too excited for slumber, they were ordered to bed early this morning by navy doctors. Sleep quickly came.

Outside the hotel the scene was different. Villagers and navy men, their imaginations captured by the drama enacted when the five aviators were suddenly brought back to life, stood about in groups, discussing the sudden ending of the flight and exchanging and relishing bit by bit the information given them personally by the fliers.

ARTISTS MAY REGISTER THEIR WORK IN DRIVE ON FRAUDS

Paris, Sept. 11.—(AP)—Artists hereafter will be able to register their pictures so that proof of their authenticity may always be available. With the object of curbing the alleged vast trade in spurious pictures the minister of fine arts is organizing an office at which artists may register their works, deposit photographs of them and, as an additional precaution, put their fingerprints on the back of them. The latter safeguard is to be taken because of the fact that it is calculated the chance of making an error in distinguishing a fingerprint is one in 64,000,000,000.

A docket will be established with these records, to which may be added data of sales or transfers so that a picture will have a complete and authentic pedigree.

Election Officials Ready for Primaries on Tuesday

Custodians of election equipment today started the distribution of booths for use at the primaries of next Tuesday. The booths were taken to the polling places. Ballots and supplies will be distributed next Tuesday under the supervision of Commissioners Thomas F. Woods and Joseph S. Hanlon of the Board of Elections.

The polls will be open on Primary Day from 12 o'clock noon until 9 o'clock in the evening. It is expected that there will be a light vote out as there are no contests scheduled in either the ranks of the Democratic or Republican parties in Auburn. There are a few contests for members of the Republican County Committee in county districts, Fleming and the first district of the Town of Mentz.

Town caucuses will be held the latter part of the present month. All must have been held, under the election law, prior to October 3. There is considerable strife in towns for the office of member of the board of Supervisors, several members of the present board not being candidates for another term.

MASONIC EMBLEM SAVED HIS LIFE

New York, Sept. 11.—(AP)—How a Masonic emblem once saved the life of a white man captured by Chief Sitting Bull's Indians in the far West was recalled today with the death of David Weinberg, 77, insurance man of Brooklyn.

According to the story Weinberg often related he was traveling on a stagecoach to Deadwood, S. D., on October 23, 1876, when Indians held up the coach and took him prisoner. The redskins told him he would die in the morning.

Sitting Bull, so Weinberg's story went, noticed a Masonic watch charm on his prisoner and proudly informed the white captive that he, too, was a Mason.

Sitting Bull reached under his blanket and produced a gold Masonic ring and gave it to Weinberg as a token of friendship and released him.

BINGHAMTON TO APPEAL IN TROLLEY FARE DECISION

Binghamton, N. Y., Sept. 11.—(AP)—In 1919 Supreme Court Justice Nichols of Albany County granted Harry H. Evens, comptroller of the City of Binghamton, a writ of prohibition restraining the public service commission from increasing or changing a five cent rate of fare fixed by the franchise of the Binghamton Railway Company.

The railway company recently applied to the appellate division of the third department for an order annulling the writ of prohibition and the court today handed down a decision in favor of the railway company permitting the public service commission to change the rate of fare.

The City of Binghamton will appeal the order to the court of appeals.

Most successes are won by doing ordinary things extraordinarily well.
