

"BONE MAN" HELD FOR GRAND JURY

Hearing Is Held Before Recorder Wright.

SECOND DEGREE MANSLAUGHTER

Dr. Bennett, Coroner Parker and Mrs. Geirlowski Testify.

District Attorney Benn Kenyon, appearing for the People and Albert H. Clark for the defendant, conducted an examination and hearing before Recorder Charles A. Wright, yesterday afternoon, as a result of which Recorder Charles A. Wright ordered Charles Cysank, alleged "bone doctor" of Seneca Falls, held for the Grand Jury on a charge of second degree manslaughter, for the death of Peter Gierlowski.

Dr. F. A. Bennett, attending physician of the deceased was the first witness called and testified that, "on or about June 30 Peter Gierlowski, who resided at 39 1/2 Pulister Street this city, fell from a cherry tree in his yard fracturing or crushing, what is known as the ninth and tenth dorsal vertebrae, the first lumbar vertebrae and sustained a dislocation of the 10th rib."

Doctor Bennett claimed to have treated Gierlowski during his two weeks and three day stay at the City Hospital and continued to do so after the injured man was taken to his home. According to the doctor's testimony, he placed Gierlowski in a cast or shell in order to give the bones opportunity to knit. The shell was in two sections, one fitting snugly about the back and the other covering the front of the body from chest to hips. The shell was in the form of a felt pad formed to the man's back and covered with plaster of paris bandages. The cast according to Doctor Bennett, could be removed by anyone as it was not affixed permanently.

Injury Not Uncommon.
Doctor Bennett stated that the injury was a common one and that he has many cases similar to this one and that chances for recovery were very good. He testified that the man would have lived, he believes, had he not been tampered with, and that the patient was on the gain. He further stated that Gierlowski's injury was sufficient to cause temporary paralysis, but this condition was slowly improving. As patient progressed a faint flicker of the muscles was perceptible in the hips and legs, which tended to show a marked improvement. He continued to gain until about August 20, when he began

complaining of pains in the chest and abdomen. On or about Aug. 26, the patient developed a temperature of about 100 and pulse of about 120. The day before Doctor Bennett stated that he found a bandage on the man that was foreign to his treatment, but it was not doing any harm there so he refrained from touching it.

From about this time Gierlowski continued to grow worse and complained continually of pain. Doctor Bennett said that the shell was always in place, when he called on the patient and that he was not aware of its ever having been removed. He also stated that he knew that something was out of the ordinary with the patient and asked him if he had fallen out of bed receiving "No" for an answer, he attributed the relapse to a new angle of the fracture.

Doctor Bennett also testified that he was present at the autopsy and the post mortem showed in his opinion that the man's death was caused by manipulation of the injured parts of the spinal column, by parties, of whom he had no knowledge until two days before the man's death.

Coroner Testifies.
Coroner Paul M. Parker was the next witness to testify and told of his conducting the post mortem. This examination showed that the ninth and tenth dorsal vertebrae and the first lumbar vertebrae had been crushed, the injury being on the anterior of the spinal column. The spinal column was opened and spinal canal examined. This disclosed the spinal chord showing a hyperemic condition.

Doctor Parker also stated that about 14 inches of the spinal column was removed and is being preserved for further evidence. A section of the spinal chord was forwarded to the State Pathological Institute at Buffalo for microscopic examination. The coroner also stated that the autopsy showed all conditions of the spine to be ante mortem and in opinion he attributed death due to the disturbance of the injured parts, which produced the hyperemic condition of the spinal chord.

Mary Gierlowski was then called and testified to the visit of Cysank and of his removing the cast placed there by Doctor Bennett, and of the alleged rough treatment given her husband by the so-called "bone doctor." Mrs. Gierlowski submitted some new evidence in her testimony of yesterday, stating that Cysank poured something from a bottle and placed it on Peter's back and asked him if it burned, Peter stating that it did just a little. Her statement at the coroner's inquest was sworn to as being correct.

The defendant was present throughout the entire hearing.

SMALL BUSINESS TODAY ON THE PUBLIC MARKET
The Tuesday public market was rather slim this morning. Only 30 producers were on hand and the number of housewives were not on hand as for the past week. The prices:

Pears, \$2.25 a bushel; cucumbers, \$2.50 a bushel; potatoes, \$1.50 and \$1.60 a bushel; prunes, \$2 a bushel; cauliflower, 10 cents each; summer squash, 5 cents each; apples \$1 and \$1.50 a bushel.

Butter, 45 cents a pound; beets, \$1.40 a bushel; grapes, 5 cents a pound; melons, 5 to 30 cents each; \$1.50 a bushel; onions upland, \$2 and \$2.40 a bushel; muck, \$1.50; honey, 16 cents a comb; cabbage, 4 to 10 cents a head; seckel pears, \$1.50 a bushel.

Tomatoes, \$1 and 75 cents a bushel; Hubbard squash, 3 cents a pound; eggs, 50 cents a dozen; fowl, 25 to 28 cents a pound; live; cucumber pickles, 75 cents a hundred; dill, one cent each; sweet corn, 10 to 20 cents a dozen; cider, 30 cents a gallon; grapes, five cents a pound.

HAVE DARK HAIR AND LOOK YOUNG

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied, with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears, after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.—Advertisement.

German Marks Drop.
New York, Oct. 2.—German marks yesterday dropped 18 points to 29 cents a hundred million, lowest price ever recorded, in direct reflection of the week end cable reports of political disturbances in Germany. About three weeks ago German marks sold as low as 32 cents a hundred million, other European exchanges also dropped 1/2 of a cent to 4.54 1/16. French francs dropped 9 1/4 points to 6.05 cents and Belgian francs eased 2 1/2 points to 5.20 cents.

Doctor Parker also stated that about 14 inches of the spinal column was removed and is being preserved for further evidence. A section of the spinal chord was forwarded to the State Pathological Institute at Buffalo for microscopic examination. The coroner also stated that the autopsy showed all conditions of the spine to be ante mortem and in opinion he attributed death due to the disturbance of the injured parts, which produced the hyperemic condition of the spinal chord.

Mary Gierlowski was then called and testified to the visit of Cysank and of his removing the cast placed there by Doctor Bennett, and of the alleged rough treatment given her husband by the so-called "bone doctor." Mrs. Gierlowski submitted some new evidence in her testimony of yesterday, stating that Cysank poured something from a bottle and placed it on Peter's back and asked him if it burned, Peter stating that it did just a little. Her statement at the coroner's inquest was sworn to as being correct.

'You Neglected Your Kidneys'

THAT'S why you have that constant backache, that lameness and soreness, and those sharp, rheumatic pains. Don't ignore these warnings! The nerve-racking backache, those headaches, dizzy spells and urinary irregularities are usually easily corrected if treated promptly. But neglect is dangerous. Help your kidneys before it is too late. Use Doan's Kidney Pills. Scores of Auburn folks recommend Doan's. They should help you. Ask your neighbor!

Here's an Auburn case:
A. B. Sabins, retired farmer, 325 Janet St., says: "I had an attack of kidney trouble. I was bothered with a steady dull ache across my kidneys and when I stooped sharp pains stabbed in the small of my back. My kidneys were weak and the secretions passed too freely. I used Doan's Kidney Pills and they relieved me promptly."
