Unceasing Battle Against Disease Strongly Urged at Health Association Meeting

Leaders In Fight Particularly Stress Vigilance and Co-operation To Curb Cancer and Tuberculosis — Dr. Walker, Other Officers, Re-elected—Secretary Kearns Reviews Year's Energetic Striving To Wipe Out Grim Maladies

How the doctors, public health agencies, and the Cayuga Health Association are co-operating in an effort to control and eradicate tuberculosis was revealed at the annual meeting of the association held at the Woman's Union, Thursday evening with the president, Dr. Roland J. Walker, presiding. The theme of the meeting was "Teamwork In The Battle Against Tuberculosis."

In Front Line

Dr. Arthur E. Harris, director of the Cayuga County Laboratory and chairman of the Public Health Committee of the Cayuga County Medical Society, pointed out how "the doctors are in the first line of attack against tuberculosis by being constantly on the alert to detect cases of the disease among their patients. When a person is found to have tuberculosis, he seeks to educate them and also the members of their family regarding the need for and value of proper treatment. He also helps in the rehabilitation of those who have recovered from the disease.

Dr. R. D. Champlin, regional director of the State Department of Health, congratulated the Health Association on its educational work in the field of tuberculosis and also its X-ray program to discover unknown cases of the disease. He also congratulated the association for having broadened its work to include diseases other than tuberculosis.

Dr. Walter C. Levy, district state health officer, pointed out how the Health Association has demonstrated the best method of attack on tuberculosis, namely, by conducting mass X-ray programs to discover unknown cases. He also pointed out that the tuberculosis death rate in Cayuga County is exceptionally low and stated that this is largely due to the fact that, through its mass X-ray program, the association has discovered many unknown cases of the disease while they could be cured.

Explains Chest Clinic

Dr. Frederick M. Beck, medical director of Biggs Memorial Hospital, explained the operation of the Chest Clinic which is held at Mercy Hospital each Thursday afternoon, except the last Thursday in the month, where persons suspected of having tuberculosis are given thorough examinations on refefral by their family physician. Many persons who have come in contact with those having tuberculosis are also examined to determine whether they have contacted the disease.

Miss Hilda J. Aulenbach, supervisor of Auburn and Cayuga County Public Health Nursing Service, explained how the public health nurses play a vital part in the operation of the Chest Clinic. They make appointments for persons to be examined, follow-up those found to have tuberculosis, and urge them to accept hospitalization. The nurses also follow-up for further examination suspected cases of tuberculosis found in the mass X-ray programs conducted by the Association, she said.

Hal T. Kearns, executive secretary of the Cayuga Health Association, explained how the Association aids in the battle against tuberculosis by carrying on an intensive educational program regarding the nature, symptoms and treatment of the disease, by conducting free chest X-ray programs to discover unknown cases of tuberculosis and other chest diseases, by rendering service to those afflicted with tuberculosis, and by aiding in their rehabilitation when they recover.

Plans were discussed whereby the Cayuga Health Association, the Cayuga County Medical Society, and the State Department of Health will co-operate in conducting an intensive X-ray program in September to X-ray every person in Auburn over 15 years of age.

Officers Re-elected

The following officers were elected to succeed themselves for a term of one year: President, Dr. Roland J. Walker; first vice-president, Joseph F. X. Iacovino; second vice-president, E. Mynderse Woodruff; secretary, Mrs. Robert L. Mosher; treasurer, Ralph S. Inman.

Directors elected for a term of three years were: Dr. Walker, Mr. Iacovino, Mrs. Mosher, D. Clifford Jones, Kenneth R. Keeler, Dr. George C. Sincerbeaux, and Frank S. Smith.

Report of Secretary

Mr. Kearns presented the following report of work of the Association during the past year:

"Our association has completed another year of successful service. Our most important activities have been as follows:

"Free chest X-rays have been provided for 3,350 people, making a total of 16,350 persons X-rayed in the last five years, or approximately 15% of the population of Auburn and Cayuga County. Each person has received a confidential report on their X-ray, and a report has also been sent to their doctor.

"Through our free chest X-ray program we have discovered many unknown cases of tuberculosis before they communicated the disease to others and while they could be quickly cured. This has helped greatly in reducing both the number of cases of this disease and also the number of deaths due to tuberculosis. It has also been a major factor in the achievement of the exceptionally low tuberculosis death rate in Cayuga County, which is now one-half the rate for upstate New York and one-third the national rate.

"In our free chest X-ray program we have also discovered many unknown cases of arrested tuberculosis, heart enlargements, fibrosis or calcification of the lungs, tumor and other abnormal chest conditions.

"The Rheumatic Fever Clinic at Auburn City Hospital, which we are financing, has continued to operate effectively. One hundred children have been examined during the past year on referral by their family physician. The clinic is under the direction of Dr. George C. Sincerbeaux, with our president, Dr. Roland J. Walker, as assistant director, and has a staff of 10 physicians.

"Fifty thousand health education leaflets dealing with the causes, prevention and treatment of tuberculosis, rheumatic fever and other diseases have been distributed.

"Motion picture programs and health education talks have been presented before 30 organized groups.

"Forty health articles have been prepared and published in the city and county newspapers. Twenty health education programs have been presented over Station WMBO. Health posters have been provided for display on bulletin boards in 35 industrial plants each month.

Teaching Health

"Aid in the teaching of health in the schools has been given by providing teaching materials and health posters. Our health education program is vitally important due to the fact that ignorance and indifference are the greatest allies of disease, especially tuberculosis. Interest in our program of social hygiene guidance for parents is increasing. Twenty groups of parents have used the lesson materials provided by us in their study of how to properly train their children for happy marriage and responsible parenthood.

"Frequent visits have been made to all Cayuga County patients at Biggs Memorial Hospital and all of their requests for needed articles have been filled. Several presents were sent to each patient at Christmas. We have also given money for the Patients Welfare Fund, the Library Fund, the Entertainment Fund and the Occupational Therapy Program at Biggs Memorial Hospital.

"We have financially aided in the rehabilitation and training of persons who have recovered from tuberculosis thus enabling them to earn a living in useful occupations. Clerical help has been provided for the weekly chest clinic held at Mercy Hospital. We have fully co-operated with the Medical Society, the hospitals, the State, County and City Departments of Health, the Public Health Nurses, the Council of Social and Welfare Agencies, the Cayuga County Cancer Committee, and other agencies seeking to promote good health.

SEAL SALE

"Our annual sale of Christmas Seals and Christmas Seal Bonds has been conducted, not only as a means of securing funds with which to carry on our important work, but also as an important method of health education.

"Under the able leadership of Ralph S. Inman as general chairman, our sale of Christmas Seals and Christmas Seal Bonds was very successful, totaling $16,330.97. The sale of Christmas Seals and Christmas Seal Bonds is our only source of income.

"To Mr. Inman and to all the township Seal Sale chairmen; to all the volunteer helpers in the office; to the postal employes; to the newspapers; to Radio Station WMBO and to all those who purchased Christmas Seals and Christmas Seal Bonds, we extend our sincere thanks for helping achieve this splendid goal. With these funds we will continue and expand every phase of our program in the year ahead."

Reports on Efforts to Rout Disease

The following countries or peoples will be represented in one way or another: U. S., Italy, Germany, India, France, Austria, Holland, Ireland, American Indians, gypsies, Scotland, Switzerland, Cuba.

City Clean-up Trucks Pass in Review

Citizen-Advertiser Photo

Preparing for Clean-Up Week, May 2-6, Street Superintendent Jay M. Cunningham holds an inspection review of the city's truck corps. Lined up in "review" are the trucks and crews and even the big bulldozer. The fleet passed in review at the old city quarry. Following the inspection, Superintendent Cunningham reported everything in readiness for the "Big Push".

Beginning next Monday morning and continuing through Friday, the city's fleet of trucks and their crews will tour the various city wards collecting rubbish. Next week has been designated as "Clean-Up Week" and both City Manager George F. Train and Fire Chief James S. Doyle urge all householders to assemble the rubbish that has collected during the winter months and rid their premises of debris that might create a fire hazard.

Street Superintendent Jay M. Cunningham has arranged a "Clean-Up Week" schedule and city officials remind householders that all types of rubbish, with the exception of ashes and garbage, will be carted away.

Householders Requested

Householders have been requested to leave the rubbish they wish removed at the curbs and it has been suggested that the rubbish be at the curb line not later than 8 a. m., the day the trucks are due in the respective wards.

The schedule that will be used next week has been announced as follows:

May 2—First and 10th Wards.
May 3—Second and Ninth Wards.
May 4—Fifth and Sixth Wards.
May 5—Fourth and Seventh Wards.
May 6—Third and Eighth Wards.

Fire Chief James Doyle urged householders not to confine their clean-up activities to the interior of the house and its cellar but to extend them to garages, sheds, stores and industrial buildings.

"All yards and grounds should be cleaned up. In the spring conditions are ideal for conflagrations because roofs are dry and winds are fresh," the chief said.

4-Hers Compete In Food Contest

Cortland and Broome County girls took top honors in a District 6, 4-H Club food demonstration contest yesterday afternoon in the kitchen of the New York Electric & Gas Corporation.

Blue ribbons were awarded Miss Janet Lee Matson of Cortland County for her demonstration "Nature's Most Nearly Perfect Food," and Miss Ellen Bronson, Broome County, for her demonstration of "Freshmen Menus With Frozen Foods."

Ten entrants from four counties, Cortland, Broome, Seneca and Tompkins participated. Cayuga County did not compete.

Winners Listed

Winners of red ribbons included Miss Betty Holler, Cortland County, demonstrating "Vegetables Under Pressure"; Miss Phyllis Neff, Broome County, "A Cheese Delight"; Miss Geraldyne Carroll, "C in Season," and Miss Marjorie Wilcox, "Let's Drink to Health," both Seneca County, and Miss Susie Gates, "Seven Star Luncheon," and Wilfred Currier, "Toss Salad," both of Tompkins County.

White ribbon winners were Miss Frances Straight, Cortland County, who titled her demonstration "Baked Custard and its Place in Nutrition," and Miss Geraldine Bordonet, Tompkins County, "Bake a Better Cake."

Judges were Mrs. Elizabeth Wilson, home service representative of NYSE&G Corp., and Mrs. Dwight Plummer, Homer, a state homemaker. The co-chairmen were Edward M. Winchester, Cayuga County 4-H Club agent, and Miss Nettie Fredericksen, Seneca County.

EVANS PTA ELECTS, SCANS JUVENILE ART

Electio nof officers by Evans Street School P.-T.A. was held Wednesday afternoon. Mrs. Luther Cooke will act as president for the coming year. Other officers are: First vice president, Mrs. Max Goldman; second vice president, Mrs. Frank Cranfield; recording secretary, Mrs. Stanley Harris; corresponding secretary, Mrs. Joseph Rybarczyk, treasurer, Mrs. William Scarbrough; auditor, Miss Ruby Carr.

Pupils' art was displayed and Miss Lu Becker, art supervisor, gave a talk. Miss Becker stressed the need of praise and encouragement from parents, "regardless of a child's crude attempts at art." The regular business meeting was conducted by President Cooke. Refreshments were served by the social chairmen, Mrs. Harold Hayden and Mrs. William Scarbrough, assisted by Mrs. Kenneth Neese and Mrs. Richard Howland. Refreshments were donated by kindergarten mothers. The following Brownies served under the leadership of Mrs. Charles Shelton: Barbara Light, Phyllis Gordon, Brenda Williams.
