The Poor Man's Philosopher — Odds and Ends in the Mail

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail... Trading stamps seem to be slowly taking the place of cash... As a people we are developing a passion for privacy... A great dane says the big fellow costs her a buck a day to keep in chow... Notice on a Washington bureaucrat's desk: "The secrecy of my job doesn't permit me to know what I'm doing..."

James Marlow The Prayer Decision

WASHINGTON (AP)—Now that the dust has settled a bit after the explosive argument over the Supreme Court's prayer decision, it may be in order to examine the decision's effects... Just what does it do and what doesn't it do? It does not mean: That "In God We Trust" will disappear from the coins in your pocket... That "In God is our trust" will vanish from the nation's official anthem... That the Supreme Court chief will have to stop crying: "God save the United States and this honorable court..."

A Safer Fourth

Although Wednesday will be a one-day holiday this year, there's no reason to assume that highway travel will be less dangerous than on a weekend holiday... It is on such one-day holidays that motorists try to cover more distance in less time than in longer periods... They have studied past records and found that on such occasions that an extra amount of "pushing" type of travel and night driving that makes it more hazardous... On this basis they figure that between 110 and 150 Americans could lose their lives in traffic accidents in the 30-hour period beginning at 6 p.m. tomorrow and ending at midnight Wednesday...

Communications

Comments and letters addressed to THE CITIZEN-ADVERTISER should be written on one side of the paper, be less than 300 words long and bear the signature and address of the writer... SAYS FLEMING PEOPLE BY-PASSED... Once again legal rights of the citizens of Fleming have been infringed upon by an automatic movement in the advancement of the tax rate of your township... Do the people of Fleming think they should pay a 20 per cent increase in water rates to pay off city debts which was put into effect July 1st without any protest from their town board?

REV. KELLEY REPLIES TO REV. FIELD

The Rev. Mr. Field, in his reply of June 26, seeks to exclude from God's kingdom anyone who allows the use of alcohol in moderation... Mr. Field says that Paul never sanctioned the use of alcohol and then quotes him in I Tim. 5:23 saying "Take a little wine for thy stomach's sake..." The other NT verses which he quoted are obviously admonitions to use alcohol in moderation... The O.T. verses which he relies upon to "prove" that moderation is sinful are quoted out of context... Numbers 6:3 does not say "When one separates himself to the Lord, he shall separate himself from wine and strong drink..."

Drew Pearson Red China's Intentions

WASHINGTON — Here are the highlights of diplomatic and intelligence dispatches which have worried the White House regarding the Chinese Communist buildup-up in the Formosa Strait... Prime Minister Nehru of India took the precaution of checking with the Russians before using the Russian-made helicopters in a military move against the Chinese Red... Thompson believes the Russians will beat the propaganda drums in support of Red China merely for the sake of Communist solidarity... Formosa Report — Chiang Kai-shek has pleaded with American authorities that widespread unrest makes Red China ripe for revolt... Moscow Reports — From U. S. Ambassador Llewellyn Thompson in Moscow comes a cautious report that the Communists may not be able to count upon their Russian comrades to back them in any military venture over the Formosa Strait...
